E.U. REACH-209 Statement

Re: Registration, Evaluation, Authorization and Restriction of Chemicals (REACH)

To: All Peter Paul Electronics Company, Inc. Customers

The Peter Paul Electronics Company is aware of the European Regulation (EC) 1907/2006 of the European Parliament, "**Registration, Evaluation, and Authorization of Chemicals (REACH)**", as interpreted by EU Court of Justice decision C-106/14 of 10 September 2015¹. To the best of our knowledge, our product, or any articles² contained within the product(s), do not contain, or they contain less than 1000ppm allowable concentration of the 209 REACH SVHCs as updated by ECHA on June 25, 2020.

Please refer to the following ECHA list for the most current candidate list of substances:
<http://echa.europa.eu/candidate-list-table>.

These results are based on information provided by suppliers or producers of the raw material used in our products.

If you have any questions or concerns about the REACH registration/legislation please contact ECHA (European Chemicals Agency) at: http://echa.europa.eu/home_en.asp

Peter Paul Electronics Company, Inc.

Emily (Amy) B. Majors
Quality Control Manager

¹ More information on the European Union's REACH regulation can be found on
<https://echa.europa.eu/regulations/reach/understanding-reach>

² An Article is any item within a part or component of a product which during production is given a special shape, surface or design that determines its function to a greater degree than its chemical composition. An example of articles within an electronic component would be the leads of a through-hole capacitor. For more information, please refer to ECHA's
https://echa.europa.eu/documents/10162/23036412/articles_en.pdf/cc2e3f93-8391-4944-88e4-efed5fb5112c
