E.U. REACH-163 Statement

Re: Registration, Evaluation, Authorization and Restriction of Chemicals (REACH)

To: All Peter Paul Electronics Company, Inc. customers

The Peter Paul Electronics Company is aware of the European Regulation (EC) No. 1907/2006 better known as REACH and the requirements to pre-register / register substances. However, the products we supply are classified as “articles” that are manufactured from substances which are “not intended to be released” as defined in EU REACH Regulation No. 1907/2006. None of these products contain any substances or SVHC properties identified in REACH Annex XVII.

If you have any questions or concerns about the REACH registration/legislation please contact ECHA (European Chemicals Agency) at: http://echa.europa.eu/home_en.asp
